Office Life

My name is John Shepherd. I am 30 years old, and I live in New York. I work as an office assistant for a small advertising company. I don't like my job because I work hard every day and I don't like my boss.

My office is near Times Square. It's a very busy part of town. The office is in an old building. There are no houses near my office, so I don't live near my office. I live very far away, and I need to get up very early every morning. I start work at 8:00 from Monday to Friday, and I need to leave my home at around 6:00. There is too much traffic on the road, so I take the subway to work. It takes a long time because there are a lot of stops.

I work all day. When I finish work at 18:00, I look for somewhere to eat dinner near the office. I usually don't eat lunch because I am too busy. Times Square is a very expensive place, so I spend a lot of money there. I usually get home at 21:30.

I check my emails at home, and I sometimes surf the internet. I go to bed late and I sometimes only sleep for 5 hours.
