Part III Reading (15 Marks)

Directions (Item 36-46): Read the passage and answer the questions.

Passage 1

The coldest city on earth

(1) If you think winter in your country is cold, try visiting Yakutsk. Temperature in the Russian city often go down to -50°C !

(2) I'll tell you what that degree of cold feels like at -5°C , Yakutsk go out with just a hat and a scarf. But at -20°C , your nose freezes. At -35°C , you can't feel your face. At -45°C , don't wear glasses outside because they will stick to your skin.

(3) Before going outside, I put on all the things that I packed. I'm wearing 14 items of clothing. At first I don't feel too bad. But soon I started to feel terrible. My face is red and I can't feel my fingers. My whole body hurts. The pain is **frightening**.

(4) I'm disappointed because I want to explore the area. Yakutsk is **remote** - it's six time zones from Moscow. And it takes six hours by plane from the capital. There is no railway. But otherwise, it's a normal place, with cinemas, university, even a zoo. And kids here can only miss school if the thermometer reaches -55°C .

36. What is the **main idea** of the passage?

- a. Human body reacts to levels of coldness differently.
b. The writer is worried about packing too much clothes.
c. Yakutsk offers entertainment spots for local people and tourists.
d. The coldest city in Russia is considered to have the lowest temperature in the world.

37. Which word has a similar meaning to "**frightening**" (paragraph 3) ?

- a. calm b. encouraging c. scary d. smooth

38. Which word has an opposite meaning to the word "**remote**" (paragraph 4)?

- a. excited b. fascinating c. faraway d. close

39. According to the passage, which of the following sentences is **TRUE**?

- a. The capital provides train service to Yakutsk.
b. Students can stay at home whenever they want.
c. People say not to wear glasses outdoor when it reaches approximately -45°C .
d. Yakutsk is really far from Moscow with less than six time zone difference.

Passage 2

Strowger switch

- (1) Almond Strowger, an American engineer, constructed the telephone switching system in 1891. The first commercial switchboard based on his invention, opened in Indiana, a year later on was an instant success with business users. To access the system, the caller pressed buttons to reach the wanted number and turned the handle to activate the telephone ringer. During the same year, Strowger's call advancement technology was **introduced** for the long-distance service between New York and Chicago.
- (2) The first actual dial telephones, patented by Lee De Forest in 1907, were installed in Milwaukee in 1896. In 1912, **their** sound transmittal apparatus adapted an electronic tube to function as an amplifier. However, The Bell Laboratories research center came up with the transistor to replace the heavy vacuum tube, so reducing the size of the electronic switch system to about 10 percent of the original phone. A technological breakthrough in the form of undersea cables between United States and Hawaii was completed almost twenty years later. An extension was connected to Japan in 1964.

40. What is the **main idea** of the passage?
- People first used Strowger switch in Indiana.
 - The first dial phone was invented by Lee De Forest.
 - Strowger switch was the groundwork of phone system.
 - The old phone system was improved by the Bell Laboratories.
41. How did Lee De Forest improve the existing telephone?
- He boosted the reception quality.
 - He made the dial system possible.
 - He modified a pipe to transmit sound.
 - He created the mouthpiece and the receiver.
42. Which of the following is **TRUE**?
- The first switchboard based on Strowger's invention was for trading purposes.
 - The first switchboard based on Strowger's invention was for academic purposes.
 - The first switchboard based on Strowger's invention was for military purposes.
 - The first switchboard based on Strowger's invention was for scientific purposes.
43. Which of the following is **INCORRECT**?
- Forest's dial phones was set up in the late 18th century.
 - Strowger's invention was a huge success after only a year it was completed.
 - New York and Chicago were the first two cities with long-distance phone service.
 - The size of the newly developed phone system was about 10 percent smaller than the previous model.
44. Which word has a similar meaning to "**introduced**" (paragraph 1)?
- begun
 - ignored
 - taken away
 - wasted
45. What does the pronoun "**their**" (paragraph 2) refer to?
- Lee De Forest's
 - The first dial telephones'
 - electronic tube's
 - The Bell Laboratories'

Directions (Item 46-50): Answer the questions in your answer sheet.

- 46. Which season of the year do you enjoy the most and why?
- 47. If you can travel to a cold country, which one do you want to visit and why?
- 48. Write TWO benefits of living in a hot, tropical country like Thailand.
- 49. Write TWO benefits of telecommunication.
- 50. If you can design a new phone, what are TWO new features or special options you want to add?
