 - a. Being faster than anyone at typing.
 - b. A new online video game.
 - c. Forgetting your password.
 - d. The act of bullying someone through digital devices and platforms.
13. What is a good strategy to manage your screen time before bed?
 - a. Playing a loud, exciting action game.
 - b. Watching movies until you fall asleep.
 - c. Setting your phone brightness to maximum.
 - d. Turning off all screens at least one hour before sleep.
14. Why is it risky to share personal information like your home address or school schedule online?
 - a. It uses up too much data on your phone plan.
 - b. It can make your social media profile less interesting.
 - c. It can compromise your privacy and safety.
 - d. It will automatically get you more followers.
15. A "digital footprint" is:
 - a. A special effect on a video app.
 - b. The information about a person that exists online as a result of their activity.
 - c. The mark your shoe leaves on the ground.
 - d. A new type of fingerprint scanner on phones.
16. What is a key characteristic of a healthy friendship?
 - a. Jealousy and control
 - b. Mutual respect and trust
 - c. Constant agreement on everything
 - d. Keeping all secrets, even harmful ones
17. What does "consent" mean in any relationship?
 - a. Getting permission from your parents to do something.
 - b. Forcing someone to agree with you.
 - c. Freely and willingly giving permission for something to happen.
 - d. Assuming someone is okay with something unless they say no.
18. If you are in an argument with a friend, what is a constructive way to communicate?
 - a. Yelling to make your point heard.
 - b. Giving them the "silent treatment" for a week.
 - c. Using "I" statements to express how you feel.
 - d. Posting about the argument online for others to judge.
19. What is an example of an unhealthy relationship behavior?
 - a. Supporting your friend's goals.
 - b. Your partner demands to know your phone password and checks your messages.
 - c. Agreeing to disagree on a topic.
 - d. Spending time with other friends.
20. Effective listening involves:
 - a. Planning what you will say next while the other person is talking.
 - b. Interrupting to show you understand.
 - c. Making eye contact and focusing on what the other person is saying.
 - d. Giving advice before they finish explaining the problem.
21. What is the first thing you should do if you find someone who is unconscious and not breathing normally?
 - a. Pour water on their face.
 - b. Shake them violently.
 - c. Call for emergency services (e.g., 911) immediately.

- d. Start CPR immediately without calling for help.
22. For a small, bleeding cut, what is the correct first step?
- Apply a tourniquet above the cut.
 - Apply direct pressure with a clean cloth.
 - Rub dirt on it to stop the bleeding.
 - Soak it in hot water.
23. The Heimlich maneuver is used to help someone who is:
- Having a heart attack.
 - Choking and cannot breathe.
 - Having a severe allergic reaction.
 - Unconscious but breathing.
24. What is the first aid treatment for a minor burn?
- Apply butter or oil to the burn.
 - Break any blisters that form.
 - Hold the burn under cool, running water.
 - Put ice directly on the skin.
25. If a friend sprains their ankle during sports, what is the best immediate action?
- Have them "walk it off" to test if it's broken.
 - Apply a heat pack to relax the muscle.
 - Follow the R.I.C.E. method (Rest, Ice, Compression, Elevation).
 - Massage the ankle vigorously.
26. Secondhand smoke from cigarettes is dangerous because it:
- Only bothers people who are allergic.
 - Is a safe alternative to smoking directly.
 - Makes clothes smell pleasant.
 - Contains harmful chemicals that can cause cancer and lung disease.
27. What is NOT a benefit of regular physical activity?
- Increased risk of heart disease
 - Strengthened muscles and bones
 - Improved mood and mental health
 - Better sleep quality
28. What does it mean to be "assertive"?
- Being aggressive and demanding to get your way.
 - Expressing your thoughts and feelings confidently and respectfully.
 - Keeping your opinions to yourself to avoid conflict.
 - Letting other people make decisions for you.
29. The best way to treat a nosebleed is to:
- Pinch the soft part of your nose and lean forward slightly.
 - Tilt your head far back.
 - Lie down flat on your back.
 - Stuff tissues deep into the nostril.
30. What is a symptom of stress?
- Difficulty sleeping, headaches, or irritability
 - Feeling happy and energetic all the time
 - A sudden improvement in eyesight
 - A complete lack of emotions
31. What is the purpose of a "cool-down" after exercise?
- To make the workout last longer.
 - To burn more calories quickly.
 - To gradually lower your heart rate and prevent muscle stiffness.
 - It is not necessary.
32. What is a healthy way to cope with feeling sad or anxious?
- Keeping it all bottled up inside.
 - Talking to a trusted friend, family member, or counselor.
 - Using drugs or alcohol to forget the feeling.
 - Isolating yourself from everyone.
33. What does a balanced diet include?
- Only protein and no carbohydrates.
 - A variety of foods from all major food groups.
 - Only fruits and vegetables.
 - Skipping breakfast regularly.

34. Fentanyl is a dangerous opioid because:
- It is a safe medicine for headaches.
 - It is not addictive.
 - Even a very small amount can cause a fatal overdose.
 - It is only prescribed to teenagers.
35. What is the recommended amount of weekly physical activity for teenagers?
- At least 60 minutes per day of moderate-to-vigorous activity
 - 10 minutes per week
 - Only on weekends
 - Exercise is not important for teenagers.
36. What is "emotional intelligence"?
- Getting perfect scores on math tests.
 - The skill of hiding your emotions from others.
 - The ability to understand, use, and manage your own emotions in positive ways.
 - How many emotions you can feel at once.
37. For a bee sting, what is the correct first aid?
- Squeeze the stinger out with your fingers.
 - Leave the stinger in the skin.
 - Suck the venom out with your mouth.
 - Scrape the stinger out sideways with a fingernail or card.
38. What is a common consequence of sleep deprivation?
- Improved memory and concentration
 - A decreased risk of getting sick
 - Weight loss
 - Poor judgment, irritability, and lower grades
39. What is the role of carbohydrates in your diet?
- They provide the body's main source of energy.
 - They are only stored as fat.
 - They have no nutritional value.
 - They are only found in meat.
40. If you see someone being cyberbullied, what should you do?
- Join in to fit in with the crowd.
 - Share the post to make it more popular.
 - Report the content and offer support to the target.
 - Do nothing; it's not your problem.
41. What does dehydration mean?
- Your body has too much water.
 - Your body doesn't have enough water to function properly.
 - You have been swimming for too long.
 - You have drunk too many energy drinks.
42. What is a "healthy" conflict resolution outcome?
- One person wins the argument completely.
 - Both people feel heard and agree on a solution, even if they compromise.
 - The argument is never spoken about again.
 - The friends stop speaking to each other.
43. The signs of a concussion can include:
- Stronger vision and faster reflexes.
 - Headache, confusion, dizziness, and nausea.
 - A sudden ability to learn new languages.
 - A craving for sweet foods.
44. Why is it important to wear sunscreen?
- To make your skin look tan immediately.
 - To protect your skin from harmful UV rays that cause sunburn and skin cancer.
 - To replace the need for wearing a hat.
 - To help you sweat more.
45. What is a good way to build self-esteem?
- Comparing yourself to others on social media.
 - Trying to be perfect at everything.
 - Focusing on your strengths and setting achievable goals.
 - Seeking validation only from others.

46. What should you do if a friend tells you they are thinking about suicide?
- Keep it a secret to protect their privacy.
 - Dare them to do it.
 - Assume they are just being dramatic.
 - Take them seriously, stay with them, and get help from a trusted adult immediately.
47. What is the main function of protein in the body?
- To build and repair tissues like muscle.
 - To provide quick energy.
 - To cushion organs.
 - To regulate body temperature.
48. Good personal hygiene helps to:
- Prevent the spread of germs and illness and promotes overall health.
 - Make you more popular.
 - Guarantee you will never get sick.
 - Replace the need for vaccines.
49. What is a "green flag" in a relationship?
- Your partner gets jealous when you talk to others.
 - Your partner pressures you to do things you don't want to do.
 - Your partner supports your hobbies.
 - Your partner checks your phone without permission.
50. The "Danger Zone" for food, where bacteria grow fastest, is between:
- 0°C and 10°C (32°F and 50°F)
 - 100°C and 200°C (212°F and 392°F)
 - 18°C and 0°C (0°F and 32°F)
 - 4°C and 60°C (40°F and 140°F)
